OVERWORK AND WORRY OFTEN CAUSE ANEMIA

Leisure and indolence frequently lead to ill health, but overwork, like any other form of excess, saps the body's resistance until the way is paved for disease. When the blood becomes thin and weak the nerves fail to get the necessary nourishment. Anemia is frequently accompanied by acute disturbances such as nervous headaches, indigestion, neuralgia and lumbago. It is important therefore to keep the blood rich, and there is no better tonic to accomplish it than the remedy which Mr. Karl H. Rockwell, of No. 23 Lake street, St. Albans, Vermont, used and gladly recommends. He says:

"One day I read about Dr. Williams' Pink Pills in a newspaper and decided to try the remedy. In a month's time I was so much improved that I continued the treatment to build up a reserve of strength. I can hardly realize the change that has been made in me. I no longer have headaches and my nervousness has disappeared. I have regained my strength and eat heartily without distress. I have taken great pleasure in recommending Dr. Williams' Pink Pills to others for I have the greatest confidence in the remedy."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. The booklet, "Building Up the Blood," will be mailed free on request.—Adv.

BRANDEGEE FEELS THE LEAGUE UNSATISFACTORY

Connecticut Senator Regrets Failure of Conference to Include Elihu Root's Suggestions.

Washington, D. C., May 6.—Senator Brandegee of Connecticut, Republican member of the Senate foreign relations committee, in a statement issued last night, declared that "in view of the deliberate refusal of the peace conference to incorporate in the constitution of the league of nations all or any of the amendments submitted by former Senator Root it becomes the solemn responsibility of the Senate of the United States to consider the proposals which the conference has rejected."

Senator Brandegee reviewed the six amendments to the original covenant submitted by Mr. Root in a letter to Will Hayes, Republican national chairman, and asserted that the constitution embodied no one of the six amendments. The amendment of the covenant to preserve the Monroe doctrine does not follow the suggestion of Mr. Root, the
